About

A graduate who became very fond of web development. I was curious on how websites and apps were created which has led me to learn the languages of the web and express my creativity. I am self-taught and have been passionately learning and improving my skills since I started my journey. I would relish the opportunity to utilise and further develop the skills and knowledge that I have learnt so far.

Education

BSc (Hons) Mathematics, Statistics & Finance 09/2017 - 06/2021
University of Strathclyde, Second class honours - lower division.

Gained insight on programming languages such as R and Matlab for statistical analysis to find patterns and analyse data. I've obtained the ability to deal with abstract concepts, break down problems and present the solutions clearly.

Work Experiences

Bar/Waiting Staff, The Duchess, Huntingdon 09/2022 - 04/2023

Working here has greatly enhanced my assertiveness and my attention to detail. My communication and listening skills have improved through working as part of a team in getting the work done as efficiently as possible and to a high standard.

Front of House/Barista, Bensons Cafe, Glasgow 09/2021 - 07/2022

I had to ensure the customers had the utmost pleasant experience. This job has given me a strong organisational skill as well as successfully working well as part of a team with the ability to work long hours in a fast-paced environment under pressure. Additionally I had the opportunity to teach and assist new staff members.

Barista, Loaf Pottery & Coffee Shop, N. Ireland 07/2018 - 09/2018
