About

An enthusiastic graduate who became very fond of web development. I was curious on how websites and apps were created which has led me to learn the languages of the web and express my creativity.
I am self-taught and have been passionately learning and improving my skills since I started my journey. I am currently looking for a job opportunity where I can utilise and further develop the skills and knowledge that I have learnt.

Projects

kicksmarter - 1st place winner in the Hays & Man City Hackathon 2023. I worked closely with an amazing team to develop and create kicksmarter in a month long hackathon with the main role as the UI Developer. Kicksmarter is an online web-tool which aides coaches with in-game and post-game analysis. I had the opportunity to use my coding skills with React and Sass. Furthermore, I gained some valuable experience working with TypeScript.

Personal Website - I designed and developed my website using HTML, CSS and JavaScript. I applied GSAP to create the animations and also implemented scroll trigger to give it an extra touch.
My recent projects can be viewed here.

Education

BSc (Hons) Mathematics, Statistics & Finance   *09/2017 - 06/2021*
University of Strathclyde, Glasgow

Gained insight on programming languages such as R and Matlab for statistical analysis to find patterns and analyse data.
I've obtained the ability to deal with abstract concepts, break down problems and present the solutions clearly.

The Complete JavaScript Course,
Building Responsive Website with HTML and CSS   *11/2022 - 02/2023*
Udemy Academy

Enrolled in two courses on Udemy totalling up to 100+ hours. Along with utilising other online learning platforms such as Codecademy, freeCodeCamp and W3Schools, I was able to learn the fundamentals and advanced concepts of HTML, CSS and JavaScript. Afterwards I created an account on GitHub and began coding my own projects and continued learning and improving my abilities from there.

Skills

Languages
HTML5, CSS3/Sass, JavaScript/TypeScript

Libraries & Frameworks
React.js, Vue, Tailwind CSS, GSAP

Tools & Platform
Git, Github, Figma

Work Experiences

Barista   *08/2023-Present*
Starbucks, Cambridge

Working here has greatly enhanced my assertiveness and attention to details as each customer has specific requests that I must attend to. This has given me a strong organisational and time management skill as well as successfully working with a team and having the ability to work long hours in a fast paced environment.

Bar/Waiting Staff   *09/2022-04/2023*
The Duchess, Huntingdon

Barista/Front of House   *09/2021-07/2022*
Bensons Cafe, Glasgow

Interests/Achievements

Music - Achieved Grade 8 ABRSM in piano as well as Grade 5 in Musical Theory. Winner of the BBC Northern Ireland School Choir of the Year 2017

Language Learning - Currently I speak 2 languages fluently, English and Filipino(Tagalog). In the near future, I plan to take the B1 DELE Spanish exam.
