About

A graduate who became very fond of web development. I was curious on how websites and apps were created which has led me to learn the languages of the web and express my creativity.
I am self-taught and have been passionately learning and improving my skills since I started my journey. I would relish the opportunity to utilise and further develop the skills and knowledge that I have learnt so far.

Projects

kicksmarter - 1st place winner in the Hays & Man City Hackathon 2023. I worked closely with an amazing team to develop and create kicksmarter in a month long hackathon with the main role as the UI Developer. kicksmarter is an online web-tool which aides coaches with in-game and post-game analysis. I had the opportunity to use my coding skills with React and Sass. Furthermore, I gained some valuable insight in working with TypeScript.

Personal Website - I designed and developed my website using HTML, CSS and JavaScript. I also applied GSAP to create animations and also implement scroll triggers. My more recent projects can be viewed here.

Education

BSc (Hons) Mathematics, Statistics & Finance   09/2017 - 06/2021
University of Strathclyde, Second class honours lower division.

Gained insight on programming languages such as R and Matlab for statistical analysis to find patterns and analyse data.
I've obtained the ability to deal with abstract concepts, break down problems and present the solutions clearly.

The Complete JavaScript Course,
Building Responsive Websites with HTML and CSS
Udemy Academy   11/2022 - 02/2023

Enrolled in two courses on Udemy totalling up to 106 hours. Along with utilising other online learning platforms such as Codecademy, freeCodeCamp and W3Schools, I was able to learn the fundamentals and advanced concepts of HTML, CSS and JavaScript. Afterwards I created an account on Github and began coding my own projects and continued learning and improving my abilities from there.

Skills

Languages
HTML5, CSS3/Sass, JavaScript/TypeScript

Libraries & Frameworks
React.js , GSAP

Tools & Platform
Git, Github , Figma, Vite

Work Experiences

Bar/Waiting Staff   09/2022-04/2023
The Duchess, Huntingdon

This job has given me a strong organisational skill as well as successfully working well as part of a team with the ability to work long hours in a fast-paced environment

Front of House/Barista   09/2021-07/2022
Bensons Cafe, Glasgow

Barista   07/2018-09/2018
Loaf Pottery & Coffee Shop, N. Ireland

Interests/Achievements

Music
I have achieved a Grade 8 in Musical performance in Piano, and Grade 5 Musical Theory with ABRSM. Additionally, I was part of a choral ensemble who won the BBC Northern Ireland School Choir of the Year in 2017.

Language Learning
Currently I speak 2 languages fluently, English and Filipino(Tagalog). When I'm not learning to code, I like to take my time in learning Spanish. In the near future, I plan to take the B1 DELE exam.
